Dear Susan, Howard, Danforth BIA Directors and Members,

On behalf of the of the Board of Management and staff for the Bloor-Yorkville BIA, we wish to express our sincere condolences to your community, and to those who were impacted, by the horrific shooting event, which took place this past Sunday. This could have happened in any neighbourhood and the entire city and far beyond has badly been shaken. It is unfathomable how one person could be so destructive and has changed the life course for so many.

In time, the memories will fade and life will go on, but you are not alone and members of the many BIAs and business communities are standing by you.

Judging by the public response and support, we expect that attendance at the Taste of the Danforth will be higher than ever! Our thoughts are with you.

Yours very truly,

Briar de Lange
Executive Director
